Proposal - Toni C thanked all the committee members who showed up to ADCO. She reported that at the Provost Council it was suggested that it was too ambitious proposal and should strip it down to breadth area outcomes only and leave the basic requirements alone at the time. Marji Morgan also supported this as well. Provost urged the passing of the proposal. Meeting with ADCO was more fruitful. Seven departments indicated that they would like to meet with someone from General Education to discuss concerns with the proposal. At this time, no departments have scheduled a time and Geography has declined to meet. The committee decided to try and get together with at least the department chair of these departments to see if they can find out the concerns.
