RE: Recommendations from the Space and Equipment Budget Subcommittee

On January 11, 2019, the Space and Equipment Budget Subcommittee approved to recommend that Academic Space should be defined as: "Academic Space is assignable space within Academic and Student Life used for instruction, research, public service, academic support, and student services."

On October 9, 2019 via electronic communication, the Space and Equipment Budget Subcommittee approved to recommend adding the Registrar as a voting-member to the subcommittee as it is vital to have the Registrar's input on academic scheduling and space considerations.
