

MOCK TRIAL CLUB

What is Mock Trial?

An intercollegiate team-based competition where members dissect a case and have a chance to assume the role of attorneys and witnesses. During judged rounds students will try a case as defense or prosecution, with competitors preparing opening statements, direct and cross examinations, closing arguments and witness portrayals.

Joining CWU's Mock Trial Club will give you the chance to travel and compete in local or national Mock Trials, meet people with similar interests and establish connections. This club is a great way to gain experience in the legal field and has opportunities for all types of individuals with different strengths and ideas.
