Bachelor of Science
Interdisciplinary Studies - Social Sciences

The Bachelor of Science degree in Interdisciplinary Studies–Social Sciences is for students who are interested in broader options in course selection than are possible within a traditional departmental major and who want to specialize their course of study according to individual interests and professional/educational aspirations. Persons holding this degree will find employment in a variety of occupations, ranging from corporate to social services, depending upon their primary emphasis among the various disciplines within the social science category. This degree also provides excellent preparation for graduate studies in psychology, sociology, social work, political science, and many other areas.

CWU-Lynnwood offers either a 62-credit or a 47-credit major, with many course delivery options including traditional classroom, interactive television, web centric, and online classes. Additionally, both majors can be completed entirely online.

Application Process

Application for Admission to Central Washington University is available at www.cwu.edu/admissions. Submit official electronic transcripts to CWU-Ellensburg and a hard copy to CWU-Lynnwood from any colleges or universities you have attended. Submit a final official transcript once your Direct Transfer Agreement (DTA) associates degree is posted or required preadmission coursework is complete.

Upon admission to Central Washington University, students must apply and be admitted to the IDS major, contact the program director. For more information, visit www.cwu.edu/sciences/interdisciplinarystudies-socialsciences.

Dual Admission Students

If you are currently enrolled in a DTA associate’s degree or applied/technical degree program at a community college and have completed fewer than 60 quarter credits, you may be eligible for Dual Admission. Please visit our CWU office for more information before applying online at: http://www.cwu.edu/admissions/dual-admission-program

Students must be admitted to the major at least 3 quarters prior to graduation. Applicants must have completed 60 credit hours, a minimum of 2.25 cumulative GPA and be in good academic standing for admission to the program.
