Hey Bro! They've been shifting me from place to place. Now I guess I'm in Arizona for a while. Not much to do here LOC!

I'll try writing every day. You might want to save them for a laugh later.

After I finish my letter I just end up doodling and drawing while I wait.

Bob

Bro,

4/18

How's life on the outside?

Just chillin' in here. Every day I spend a bunch of time answering questions. Not sure what they are asking about or how they ended up thinking I was involved.

Say "Hi" to Mom and S. for me. Feel free to share my letters.

What a quiet boring place!

Hey Bro! 4/19

I'm starting to go a little stir crazy. I haven't had to answer questions today. Just sitting here doing nothing.

Hope you're getting my mail and can read everything OK. Getting it all in order is probably the most important thing.

Take Care!

Hope to be out soon!!

Hey there!

4/21

This is the last letter I'm writing for a while. Hopefully you know what to do now. If all goes well, I'm outta here!

I can see the sun shining through the window. Being in here is no fun.

Hopefully you can get your stuff done today and I'll see you soon!
