1. What student learning outcomes were assessed this year, and why?

There was no assessment completed this year. The low number of students in the program (class sizes of 4 along with some sporadic research and thesis credits) prevented the collection of reliable data.

2. How were the student learning outcomes assessed?
   A) What methods were used?

   • Not Applicable

   B) Who was assessed?

   • Not Applicable

   C) When was it assessed?

   • Not Applicable
3. What was learned?
   • Not Applicable

4. What will the department or program do as a result of that information?
   • The department is working to recruit more students to the program. The program will attempt to increase recruitment and incentives (such as Graduate Assistantships) in order to increase the enrollment of the program.

5. What did the department or program do in response to previous years’ assessment results, and what was the effect of those changes?
   • The department has been requesting additional Graduate Assistantships. In 2015–2016, there were two such positions and in 2016–2017, there will be three.
