

All degree programs at CWU are expected to have student learning outcomes. This web page lists all CWU degree program Student Learning Outcomes by college, department, program, and the last year the student learning outcomes were updated.

Each degree program is expected to develop student learning outcomes that include:

- the related outcome in CWU's Strategic Plan
- the method of assessment
- who was assessed
- when there were assessed
- the standards of mastery for the assessment

In addition, each degree program is expected to include an assessment cycle listing which degree programs they plan to assess each year through the 2020/2021 academic year.
