- 6) Chair Report
 - a. Nicholas Mejia, VP of Academic Affairs

Developmental Course fees are currently being discussed

Office of Legislative affairs is working on an Inclement Weather Policy, will be voted on in the Faculty Senate

When lobbying in Olympia, Tom Dent denied that mental health “was real”, talked about the false shooting alarm, blue towers with cameras proposed to allow officers to have potential view and information, and one-way locking doors proposed as a safety measure during a lockdown scenario.

7) Advisor Report

Gen Ed feedback is appreciated, the school is currently working on a student ambassador/mentorship pilot program, career services are , ETSC fair on October 3rd, ACE fair on October 4th in Sammamish, Fall Fair in Ellensburg with 46 employers \

Talk about Developmental Education- Katie Boswell hopes to be at future meetings, Dr. Aaron brown is the new Dean of Student Development and Achievement

8) Senate Issues and Concerns

Parking- Discussion was about ways to more effectively use the space we have, question is raised on the ability to create an underground lot or have a building on top of the parking structure. History brings up change of CWU transit schedule and routes no longer being as effective, the RouteTracker app is inaccurate, there are no replacements to the free lot that was located where the new track is. Question posed about farther lots with bike racks, questions of class times and time limits in more parking instead of overnight parking

Website- CWU Connect is the new CWU app, eventually they hope to include campus mapping to find specific rooms in campus buildings

Printing- Music- slower, one person per kiosk, more expensive. Physics- OneDrive does not work with non-CWU OneDrive accounts for printing

9) New Business

a. SAS and the Future

Eric Bennett, History Department Senator is appointed as the SAS Parliamentarian

b. Letter of intent for 2018-2019

Sustainability- Due out for review on the position and roles/committees
