

Preparing for CWU Board of Trustees' Meetings

The CWU Board of Trustees is constituted under state law ([RCW 28B.35](#)). The board is comprised of eight individuals appointed by the governor with one member being a student trustee. The term of office for the trustees is six years and they may be reappointed, with the exception of the student trustee, who is appointed for only one year. In addition to state law, the Board of Trustees is governed by the [Board of Trustee Bylaws, Constitution and Policy](#).

Members of the Board of Trustees currently meet four-five times a year to be advised of important matters related to Central Washington University and to take formal action on others. The Board of Trustees currently functions with four standing committees: Executive Committee (Ron Erickson and Robert Nellams), Academic and Student Life (Ron Erickson, Robert Nellams and Alex Harrington), Business and Financial Affairs (Gladys Gillis and Ray Conner), and Operations (Erin Black and Gladys Gillis). Preparing for CWU Board of Trustees' Meetings

Presenting Information at Meetings of the CWU Board of Trustees

When speaking before the Board, your presentation should be to the point and flow logically. Below is a suggested format:

1. State your name and position.
2. State the topic and give context.
3. State up-front what you want the trustees to do. (Is the topic “for information” or “for board action”?) If it is “for action” state what action the board may take. Action items always require briefing or background information.
4. Outline what will be presented today and what questions are posed for discussion.
 - Presentation should be clear and concise.
 - If there are three or four topics, deal with them separately, one at a time, and do not confuse them.
 - Presentation should include a brief history of item (give general background information down to specific information for the item).
 - If this topic went to the Board at a previous meeting, summarize what happened.
 - Explain options, if any, you considered in analyzing your issue. (You did your homework as you looked at the issue and here is what you considered.)
 - Summarize and give administration’s recommendations.
5. Remember to address your presentation to the Board of Trustees. The Board will decide when/whether to address questions to the audience.
