- button neutral type-image
- button neutral type-file
- button neutral type-file-download
- button neutral type-folder
- button neutral type-home
- button neutral type-email
- button neutral type-phone
- button neutral type-calendar
- button neutral type-chev-right
- button neutral type-book
- button neutral type-external-link

Variations

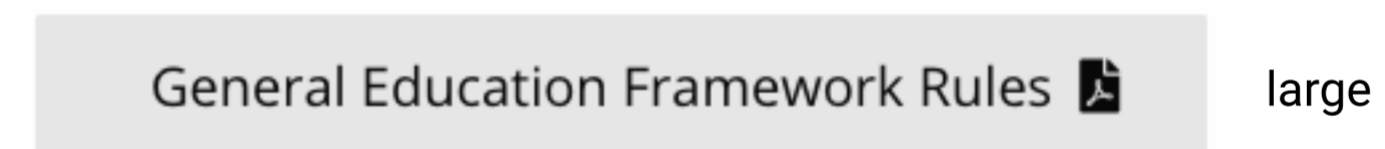

Add the class “after” to position the icon on the right side of the button.

Replace the class “neutral” with the class “secondary” in order to make the button red.

Make the button text larger or smaller by adding the classes: “tiny”, “small”, “large”.

Fall 2019 General Education Documents

- [General Education Populated Framework](#)
- [General Education Guiding Philosophy & Program Goals](#)
- [General Education Framework](#)
- [General Education Rules](#)

Add the class “expanded” to any button to make the button span the width of the container.
